Soil Erosion & Sediment Control Construction Performance Deposit

Applicant: _____ **Address:** _____

Municipality/ State: _____ **Phone:** _____

Fax: _____ **Email:** _____

We hereby bind ourselves to the Upper Delaware Soil Conservation District ("District") in the amount of \$_____ to ensure faithful performance and completion of construction of the stormwater detention basin in accordance with the certified soil erosion & sediment control plan, Standards for Soil Erosion & Sediment Control in New Jersey and the Soil Erosion & Sediment Control Act, (NJSA 4:24-39 et seq.)

SCD Application #: _____ Project name: _____

Block(s): _____ Lot(s) _____

Street Address: _____ Municipality: _____

The applicant understands that the performance deposit is calculated in accordance with the attached fee schedule and must be maintained until satisfactory completion of all soil erosion & sediment control practices (see Conditions below) by the commencement of the next growing season (spring) / (fall) of the year_____. Upon determination of satisfactory completion, the performance deposit plus interest earned minus an administrative fee of \$250.00 shall be returned to the applicant.

Should the applicant fail to complete the final stabilization of the above referenced block(s)/lot(s) by the time period specified above, the District shall utilize the performance deposit to perform the work upon three (3) days' notice to the bonded party, which hereby consents to and guarantees access to the property by the District. A reasonable extension of time for completion may be granted at the sole discretion of the District. Should the performance deposit be insufficient to cover all the costs to the District for completion of the described soil erosion & sediment control practices, no Report of Compliance or Final Report of Compliance will be issued to the applicant until payment of all costs is made to the District.

The applicant also understands and agrees that under no circumstances will a Report of Compliance or Final Report of Compliance be issued on any lot without a performance deposit within the same project until such a time as all lots with performance deposits have been properly stabilized and a Report of Compliance or Final Report of Compliance issued.

Conditions

1. Final grading around buildings and all disturbed areas. Seed, fertilizer, lime and straw mulch as per the Standards for Soil Erosion & Sediment Control in New Jersey and the District certified soil erosion & sediment control plan.
2. Complete construction of stormwater detention basin per UDSCD approved Soil Erosion and Sediment Control Plan.
